Aims and objectives

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Anglian Community Enterprise (ACE) Community Interest Company provides services that are aimed at improving health, promoting well-being and preventing ill-health. We aim to prevent unavoidable admissions in to the acute sector by supporting people to remain in their own homes wherever practicable. Our community teams are wrapped around GP practices and work closely with social care and with the local acute provider to ensure seamless services for our patients.

In addition to domiciliary care we also provide services within clinic environments. We also provide inpatient rehabilitation within our 2 community hospitals and primary care services within our 2 GP practices. ACE provide services predominantly to North East Essex, however we do reach into other parts of Essex and Suffolk.

ACE is a staff owned social enterprise and delivers services under NHS contracting regulations. Our strategic objectives are:-

1. **Survive and thrive** - manage the business to ensure continual and ongoing viability.
2. **With you, not to you - deliver safe, high quality care.**
3. **Keep lean, keep keen** - continually develop efficient services that meet customer needs.
4. **One enterprise, one purpose, one voice** - develop a culture where we are one team with a common purpose.
5. **Make and measure social impact** - make a social investment.

The ACE values have been developed with staff and resonate with the NHS constitution. All staff can become a shareholder in the organisation, this is a non-profit share. ACE's values are:-

1 – 1 team

A – Action orientated

C – Community focused

E – Excellence in all we do

5. Locations, regulated activities and job shares

Where this manager does not manage all of the regulated activities ticked / checked at 4 above at all of the locations listed at 3 above, please describe which regulated activities they manage at which locations below.

Please also describe below any job share arrangements that include or affect this manager.

Within each location and service there is a senior manager with delegated responsibility and authority to ensure the regulated activity is carried out in accordance with compliance. These service managers report to the responsible manager and escalation procedures are in place. Service delivery is monitored via a number of routes including activity data, compliance assessments, patient feedback and staff surveys.

We have Integrated Care Managers for every team who are responsible for the day to day operational management of clinical service delivery with clear lines of accountability from all services up to the Board.

The registered manager regularly visits all of the locations to gain assurance of compliance with the fundamental standards.

The above applies in respect of all locations.
